

## LNG/LPG Shipping Market Analyst

**Salary/Rate: £45+ k per annum plus bonus plus excellent benefits package**

**Location: London, London Bridge area**

Maritime Strategies International (MSI) Ltd is a dynamic and highly successful shipping consultancy. Currently in a period of rapid growth, we are now looking for a Liquefied Gas Market Analyst. The successful candidate will play a key role in developing new products and revitalising our existing gas shipping services. You will use our modelling framework to generate trade and market forecasts, contribute to written reports and lead diverse consultancy projects. MSI's sector analysts lead industry thinking and a clear view of market trends is critical for this role.

The ideal candidate will be able to demonstrate a high level of analytical competence and possess a broad knowledge of NGLs, LNG and LPG markets. This will have been acquired in a research/ analytical role in a relevant industry and although this does not necessarily have to be shipping-related, this would be an advantage.

A highly motivated individual, they will be able to meet demanding deadlines ensuring work is completed to a good standard and on schedule. Furthermore, they will be adaptable and able to learn quickly and work competently in both a team or on an individual basis.

### **Main Responsibilities:**

- \* Maintain and develop the Company's proprietary gas shipping market models, integrating new sources of data and adapting model architecture to changing market conditions
- \* Develop a new biannual LPG market forecast report building on existing model outputs.
- \* Write biannual LNG sector market reports
- \* Contribute to consultancy projects across the LNG/LPG sectors
- \* Source, structure and interpret regular numerical and statistical data on trade flows, vessel supply and industry earnings and asset prices
- \* Support business development initiatives, product innovation and global marketing of MSI services

### **Experience & Education:**

- \* 2.1 Degree or higher, numerate subject (e.g. Sciences, Maths, Statistics or Economics)
- \* 3+ years of experience across NGLs, LNG and/or LPG markets
- \* A proven analytical track record with the ability to communicate methods and results clearly both internally and to clients in written reports and presentations
- \* The ability to maximise data integrity and consistency
- \* Advanced proficiency in Excel a distinct advantage

MSI is widely respected for its shipping forecasting and business advisory services. Clients include banks, shipowners, brokers, investors, insurers, and service providers. MSI offers a competitive salary, performance-based bonus, attractive benefits package including BUPA, gym subsidies and pension contributions, and clear pathways to progression within the industry.

**Please send your CV and a supporting cover letter in application for the role to [info@msiltd.com](mailto:info@msiltd.com). For further information on MSI please visit our website and/or contact Reuben Ramanah (Business Manager) on 0207 940 0070.**
