

## Analyst Position

Salary £25k to £35k + Bonus + excellent benefits package

Maritime Strategies International (MSI) Ltd is a dynamic and highly successful shipping consultancy business based at London Bridge. We are looking for individuals with experience in validating and interpreting data to assist with our increasing portfolio of services and an expanding international client base. This is an excellent opportunity for the right candidate to further develop analytical and modelling skills whilst gaining industry exposure in a company at the forefront of maritime consultancy.

The role will include:

- Working alongside senior analysts on MSI's econometric models and online valuation service
- Structuring, updating and interpretation of large high-frequency in-house databases
- Data mining and extraction from a wide range of sources and media
- Reviewing data for accuracy, relevance, integrity and alignment.
- Providing support to MSI's prestigious clients in the shipping and financial services industries.

The work will be carried out in close collaboration with our senior analysts and Directors. The ideal candidate will have:

- A minimum upper second class degree in a numerical subject (Maths, Engineering, Economics, Science, Computer Science)
- Ability to analyse both qualitative and quantitative data with attention to detail
- A proven analytical track record with the ability to communicate methods and results
- Excellent command of MS Excel including advanced features (vlookups, pivot tables, macros, sum products, array formula. etc). VBA knowledge would be highly advantageous.
- Competency with Access and PowerPoint
- Excellent time management skills with the capability to meet tight deadlines
- Ability to learn quickly and work competently in both a team or on an individual basis
- Advanced internet research skills.

The successful individual will play a pivotal role in a challenging, yet rewarding, environment and will be exposed to an array of shipping sectors and industry participants. MSI offers an attractive benefits package including BUPA, gym subsidies and pension contributions, and clear pathways to progression within the industry.
